

My Blood Test at LifeLabs®

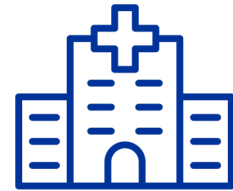

1. On the way to my blood test

I ride, walk or bike

My Mom / Dad are with me

We're here!

2. Waiting for my blood test

I wait and I can...

...watch my video

...read my book

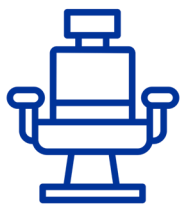

...listen to my music

3. In the blood test room

They say hi

I sit in the chair

I listen

I ask questions

I blow the pinwheel

They wipe my arm

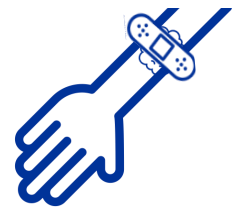

put a tourniquet

I breathe

feel a pinch

cotton ball & bandaid

4. After my blood test

I did it!!!

I'm happy

Mom / Dad are happy

Good bye!
